2-PIECE PRO FELT TONGUE

Comfortable fit and fights
against lace bite.

HYDROPHOBIC CLARINO LINER

Superior leather repels moisture build up
and keeps the jets cool and dry

ANATOMICAL HEEL/ANKLE

Patented, pro-integrated internal support
structure

RINK RAT HORNET WHEELS

Super sticky and super durable. The #1
choice for our top players.

MISSION SWISS 608 BEARINGS

Engineered with Swiss specifications for
high speed performance and durability

NEW

SIZING ON ALL 2010 MISSION SKATES

We redesigned our skates to fit even better. Be sure and size and fit all players.

INDY FOAM PADS

Brushed nylon ankle pockets contain layered memory foam, offering maximum comfort. Feels like having pillows on your feet.

SPLIT THROAT/FLEX CHANNEL

The internal dart increases forward flex, which allows for maximum balance and super responsive skating results.

TEXALLIUM COMPOSITE OUTSOLE

The rigid composite outsole provides maximum energy transfer from the player's foot, to the floor.

VANGUARD MAGNESIUM CHASSIS

Speed, agility & performance. The 76/80mm wheel set-up makes the Hi-Lo Vanguard the industry's most desired inline chassis.

2 PIECE STEEL BOLT

This self locking, 2 piece steel bolt and axle, allows for a quick and easy wheel change.

BOSS SE

BOSS SE Senior

Senior # 1034922

- Inner Nash palm for better grip and comfort on catching hand
- Oversized backhand opening, with single wrist/hand strap adjustment

Colors: WHT/BLK/RED

Sizes: Junior Regular, Junior Full Right
Youth Regular, Youth Full Right

Goalie Pad Sizing

- Measure the distance from the base of the foot to the center of the knee cap.
- Measure the distance from the center of the knee cap to desired thigh rise height.
- Multiply your skate size by 0.75 (Size 10 skate maximum).
 $A + B + C =$ The estimated size of the Goal Pad. (Goalie's height is an important factor.)

*This is a 'General' Sizing Equation.

*It is recommended that you try on the Goal Pad to obtain 'true' sizing.

Helmets

M15 Helmet

MISSION M15 Helmet [M15]

WARNING: Hockey helmets are required for all levels of play and must meet CSA, HECC, or CE certification standards. All Mission hockey helmets meet or exceed these standards. Ice Hockey is a collision sport that is dangerous. These helmets afford no protection from neck, spinal, or certain types of brain injuries including those that may be caused by rotational forces. Severe head, brain, or spinal injuries including paralysis or death may occur despite this helmet. Do not use this helmet if the shell is cracked or if the interior padding is deteriorated. Read instructions carefully before wearing.
